### Parent & Child Class – Ages 3 mths – 23 mths

**Requirements:** Parent must accompany child in each class. **Goals:** Parent and child learn together to increase a child's comfort level in the water and build a foundation of basic skills, such as arm-let movement and breathing control. It will help introduce water safety concepts.

#### Level 1 – Introduction To Aquatic skills

**Requirements:** No swimming skills required. Child must be willing to enter the pool from the side. **Goals:** This level will help participants become familiar to the aquatic environment and help them gain basic aquatic skills such as: water entry and exit, breath control and going underwater, floating and gliding on the front and back, and treading chest-deep water. Arm and leg movements are also introduced. Participants begin to develop positive attitudes and safe practices around water.

#### Level 2 – Fundamental Aquatic Skills

**Requirements:** Comfortably goes underwater and is able to swim forward with face in the water. **Goals:** Builds on fundamental aquatic skills learned in Level 1 such as breath control and going under water, floating and gliding on front and back, swimming using combined arm and leg actions on the front and back, and treading in shoulder-deep water.

#### Level 3 – Stroke Development

**Requirements:** Participant is well adjusted and comfortable in the water. Swims freestyle and backstroke 15 meters and have a successful completion of Level 2 **Goals:** Focuses on stroke development, including front and backstroke. Participants are introduced to the breaststroke, scissors and dolphin kicks. They will continue to develop the fundamentals of treading water in deep water and help participants achieve basic water competency in a pool environment. Diving skills may also be introduced in this level.

#### Level 4 – Stroke Improvement

**Requirements:** Participant is well adjusted and comfortable in the water. Swims freestyle and backstroke 15 meters and have a successful completion of Level 2 **Goals:** Focuses on improving participants proficiency in performing the following swimming strokes: front crawl, breaststroke, butterfly, and back stroke. Participants may also work on diving skills.
